14. All net undesignated money contributed to the Association must be used in that year's sale. Distribution of these funds shall be as follows:

- 1) All funds designated for a specific animal division shall be used in that division.

Undesignated funds, i.e. Silent Auction, etc. will be distributed to each animal division based on the percentage of total sale points accumulated in each division that year. These funds are to be used in the sale, as needed, or added to the points after the sale.

Example: Total undesignated funds	\$8,000.00
Total Ribbon points (blue, red, white)	2494
Broiler division points	301
Broiler % of total points	12.1%
Broiler division share of funds @ \$8,000.00 x .121	\$968.00

15. The Association reserves the right to withhold an exhibitor’s check if the parent or guardian of said exhibitor has a past due balance with the Association.

The Point System Purpose

The point system was developed and designed to reward each exhibitor for the quality of his/her entry in the show.

How does it work?

1. Each entry in the division is assigned a certain number of points in accordance with the table in Rule 12 in Sale Rules and Regulations. The points for all entries in the division are totaled.
2. The premium money, the amount bid over floor price, is totaled for all the sold entries in each division. Ten percent (10%) of the premium money is thereby retained by the Association for operating expenses and capital improvements.
3. The remainder of the premium money is divided by the total points from “1” above to establish a point value per division.
4. Each selling exhibitor receives the point value times the number of points their entry earned plus the animals floor price.

Examples: (from the 2021 Auction)

Steer Division:

Division Point value equals \$376.91

Division Floor Price value is \$.90 per pound

A 1,200-pound red ribbon steer can earn:

6 points X \$ 376.91 per point	=	\$2261.46
1,200 lbs. X \$.90 per pound	=	<u>\$1080.00</u>
Total		\$3341.46

Turkey Division:

Division Point value equals \$218.72

A white ribbon turkey can earn:

3 points X \$218.72 point	=	Total \$656.16
---------------------------	---	-----------------------

Goat Division:

Division Point value equals \$276.27

Division Floor Price value is \$2.30 per pound

A 110-pound blue-ribbon goat can earn:

9 points X \$276.27 per point = \$2486.43

110 lbs. X \$2.30 per pound = \$253.00

Total \$2739.43
